

ENVIRONMENTAL POLICY

MCS Civil (NSW) Pty Ltd is committed to achieving compatibility between economic development and the maintenance of the environment whilst complying with the Environmental Standard ISO 14001:2015.

To fulfil this commitment, we the PCBU, and our workers will observe all environmental laws by:

- Ensuring compliance with environmental legal requirements including the EPA Regulations, ISO Standards, and industry best practice as a minimum level within all of its activities
- Integrating environmental factors into planning and operational decisions and processes
- Identifying all environmental aspects and impacts relating to our operations and use a risk-based approach to implement appropriate mitigation measures.
- Set objectives and targets to measure our performance and identify opportunities for improvement
- Undertaking continual monitoring, measurement, and improvement of environmental controls across our worksites.
- Immediate reporting of all environmental incidents
- Commitment to protect the environment and prevent pollution
- Continually improve our environmental performance
- Promote environmental awareness among our workers to increase understanding of environmental matters
- Use of innovations and technologies to minimise atmospheric emissions and noises
- Minimise the generation of waste products
- Being an industry leader in Environmental Management
